

DRINKS

- Our drinks philosophy is simple, British where possible, seasonal and above all tasty and delicious.

Fever Tree – we have tasted many tonics & mixers – fever tree for us is simply the best every time we put it up against the newcomer!

- Tonic – Slimline – Ginger Ale – Lemonade

- Coca-Cola & Diet Coke – we have tried many of the artisan products in this category, but we are yet to find one as satisfying as the original classic.

COFFEE

Coffee became a big thing for us with two defining moments. One was going to an amazing restaurant, and the thing we remembered was the great coffee. The other was Ben, his passion for coffee is infectious.

We work closely with Sheffield Coffee Roaster CafeOlogy who we created our very own espresso blend with, designed to be the best all round coffee.

As well as this Ben handpicks his favourite coffee blends and roasters which we buy in small amounts – where they are gone, they are gone.

ROAST OLOGY COFFEE

Our blend was created for a range of coffee to hit with caramel flavours and an intense finish.

TEA

We are lucky in Sheffield to have the fantastic Birdhouse Tea Blenders, a mother and daughter run business who are amazingly passionate about all things tea and helped us create our Rafters signature blend breakfast tea.

RAFTERS BREAKFAST TEA £4
This is the blend we are proud to say is our favourite – we wanted a full mouth feel to end on a lovely rich note. The blend is two 2nd flush Assams from Kenya and two Ceylon teas – Kandy & Dimbula.

“LADEEEEEY GREY” £4
This is Dan our head Chefs favourite tea, its not a spelling mistake. When researching a dessert, we found that Twinning's Tea own the trademark for name Lady Grey but not the blend. So here it is the blend behind the tea with a different name.

CHAMOMILE £4
This is the tea for the end of a long day, the perfect aid for a good night sleep.

COLES CORNER £4
Named after the Iconic Sheffield meeting spot for lovers this is a blend of green jasmine, hibiscus & hibiscus & hedgerow berries

FRESH MINT £4
Simply fresh mint leaves – this is not a Birdhouse Tea but is most requested by our customers
